## STAFF SPOTLIGHT

**Brenda Kirkness:  
Central Supply Coordinator**

Brenda is celebrating her 20<sup>th</sup> year at GlenBrook Health Center! She is from California; and her twin brother were born in the Naval Hospital in Oceanside. She likes the residents at GlenBrook, especially when she can make them laugh and smile. Her co-workers are like her extended family, and they learn from each other and work hard at being the best. In her free time, she enjoys spending time with her large family. She also enjoys reading, traveling, swimming, camping, hiking, fishing, hatchet throwing, cooking and church. If she could go anywhere in the world, she would like to go to Scotland, Malta, Jerusalem, or Monument Valley. Her goals in life are to share her love of Jesus Christ and she wants her grandsons and great grand daughter to grow and live their best lives. Brenda has made such a profound impact at GlenBrook with her kindness and willingness to help. We hope that you will join us in wishing her a HAPPY 20<sup>TH</sup> ANNIVERSARY!
