Skilled Nursing

OakView offers short and long term skilled nursing care in a beautiful and supportive setting. Our services are appropriate for those whose needs extend beyond assisted living, persons recovering from orthopedic surgeries or injuries, heart attacks, strokes and other illnesses.

Our team of experienced professional includes Registered, and Licensed Vocational Nurses, Certified Nursing Assistants, Licensed Therapists and trained support staff. We provide individually focused care and reinforce the rehabilitation process to help improve each resident's physical, mental & emotional health. Our Skilled Nursing is Medicare certified.

The following services are available to meet those needs:

- 24-hour nursing care
- Intravenous (I.V.) therapy
- Pain management & palliative care program
- Hospice services (when indicated)
- Wound care
- Social services
- Recreational activities

Rehabilitative Therapy

Often, a short-term stay in skilled nursing facility is all that is required to help a person return to home after an injury, illnesses or surgery. Comprehensive rehabilitation is the reason. It can be the bridge between injury or illness and returning home.

Our focus is on effective therapy, improved outcomes and restored health—as well as enhancing quality of life to the best it can be. Therapy services include:

- Physical Therapy
- Speech Therapy
- Occupational therapy
-
